## Tips for Choosing a Topic

---

- Pick a topic you feel strongly about:
  - What are your most interesting likes and dislikes?
  - Do you have any unique opinions?
  - Do you have any private ideas you would like to share with the world?
  - What special point of view do you have?
- Who is your audience? Close friends and relatives? Readers who might be helped by your insights? People like yourself?
- Are you writing to entertain or inform? To share your feelings? To inform readers about ideas that you think are important? To express an opinion?
